THE HONGKONG FIRE INSURANCE COMPANY, LIMITED.

CAPITAL 2,000,000 DOLLARS, in 2,000 Shares of 1,000 Dollars each.

Consulting Committee: GEORGE F. HEARD, ESQ. WM. KAYE, Esq. R. ROWETT, Esq. S. D. Sassoon, Esq.

F. Buxey, Esq. General Managers, -Messrs Jardine, MATHESON & Co.

Head Office, No. 39, Queen's Road.

HE HONGKONG FIRE INSURANCE COM-PANY, which expires by effluxion of time in a few months, having proved a highly successful undertaking, it has been determined by a large number of its shareholders to form a permanent Company, under the same management and with

It is proposed to register the Company under the Limited Liability Ordinance, and the amount of the Capital having been fixed at Two-Millions of Dollars, it is considered that Insurers will be amply secured thereby, while at the same time each shareholder will know the extent of his individual liability. The capital proposed to be called up amounts to a large sum, and provision will be made for the creation of an ample Reserve Fund, which will, it is expected in a very short time accumulate to an amount practically to give the fullest security both to Insurers and Insured, irrespec-

tive of the unpaid Capital. It is intended to auticipate the termination of the Old Company, by dissolving it from and after the 31st December next, and measures are being taken for that purpose. In anticipating a successful career for the New Company, it is only necessary to present to the public the results of the Old

Company since its establishment in May 1866, as exhibited by the following figures:— The total premiums collected from the 11th May 1866 to the present time, a period of only two years and five

months, amount to ......\$304,727.72 Buildings,-The losses which have been paid within the same period have amounted to ......\$130,081.22 and include the large sum

of \$85,270 lost by the Fire at Hongkong in Nov. 1867. The amount now at the Credit of the Working Account, after paying all Expenses

and Re-insurances to date.

exceeds.....\$160,000.00 These figures fully warrant the most sanguine expectations of success, and it is but reasonable to expect that, strengthened with larger Capital, the present undertaking cannot fail to prove at least as successful as the former one. The Old Company, when it entered the field, had to create a business for itself, but the New one, in taking over the outstanding risks and connections of the Old Company, will at once receive a very large amount of premium, and enter on a profitable and organised business. Moreover, there is no doubt that the risk of Fire in Hongkong has been greatly diminished by the Building Regula-

of a Fire Brigade The following are the main features of the New Company: 1. A first Call of \$100, to be paid upon each share on allotment, and a further Call of \$100 to be paid in Six Months;

tions now in force, and by the establishment

all further Calls to be determined upon at General Meetings of the shareholders. > \_SOLDIERS AND CIVILIANS IN FRANCE.

An account appears in the Journal des Debats of proceedings before a court-martial in the case of a voltigeur of the guard accured of wounding a civilian with his sabre. At the trial the prisoner explained himself in the following words:-"You know, mon Colonel, it was the Emperor's fête day, and we had been drinking his health. remember that at about eight o'clock I had just come out of a tavern on the roadside when I met with another voltigeur. with whom I began to converse." "And," interrupted the president, "you went up to two women who were walking

along the road !" "They were going their way and we ours," replied the soldier. "We were going towards the railway when a man called out to us. 'Walk a little faster or you will lose the train.' I was offended at being spoken to it this manuer. The wine got into my head, and I don't know what took place afterwards." "I can tell you," said the president,

" 'There are some fine gentlemen,' you exclaimed, 'who do not know how to speak to me civilly; I will speak to them with my Charlemagne.' Then you drew your sabre, struck the complainant with it on the head. The blow was so violent that the unfortunate man who received it fell on his knees." The complainant seems to have been of a ridiculously mild disposition, to judge by his attitude before the court-martial. - " received the first blow," he said, "on the head, the second pierced me in the thigh.
